A carefully designed space and carefully selected ingredients from Ehime Prefecture

When it comes to Matsuyama's specialty shabu-shabu, be sure to try Shabu Shabu Tanaka. We use carefully selected vegetables from Ehime Prefecture and the prefecture's brand of sweet and tender pork, which is praised by professional chefs for its three-fold combination of tenderness, juiciness, and delicious fat. As with the food, each room is designed to create a tasteful, luxurious, and elegant space so that you can experience the atmosphere of the early Showa period. We can also accommodate groups of up to 30 people. Please enjoy our exquisite shabu-shabu served with our special sauce.
